

ACRI-LUX EPOXY REDUCER

High Performance ∞ Easy to Use

PRODUCT DESCRIPTION:

It is a premium quality reducer blended from different solvents that is used to bring out the finest quality of epoxy-based paints.

PRODUCT HIGHLIGHTS:

- ✓ Reduces the viscosity of the epoxy paint for added ease in application and increase spread rate.
- ✓ Excellent solvent power and permits application at higher solids.
- ✓ Helps allow good film formation on epoxy coatings.

INFORMATION:

TRITON PRODUCTS are manufactured from the highest quality raw materials using the most advanced methods. Best results from the superior product are attained when these preparation and application instructions are followed carefully.

For more information on this guide or on any Triton coating product please contact us at **8645-6203** or email us at
